Celiac Sprue Association Welcomes Benefactor Member GlutenFreeTravelSite.

The Celiac Sprue Association (CSA) announces the addition of GlutenFreeTravelSite as its newest Benefactor Member. Through their generous support, CSA Benefactor Members further the CSA mission of helping individuals with celiac disease and dermatitis herpetiformis and their families worldwide through information, education, support and research.

GlutenFreeTravelSite (<http://www.glutenfreetravel.com>) is a website that allows users to search and submit reviews of restaurants, grocery stores, cruise ships and hotels/resorts around the world that accommodate gluten-free diets. Reviews are organized geographically so that people can access the information most relevant to them, whether they're looking for a new place to dine in their area, or while traveling. Users can narrow their search of the gluten-free dining and travel reviews to the town/city or zip code level. The results appear on a Google map, and you can click on any establishment to link to the user-submitted review. Between the 1,000+ reviews and the dozens of national and regional restaurant chains with gluten free menus listed on the separate Gluten Free Restaurant Menus page, visitors to the site can find thousands of dining options. GlutenFreeTravelSite also includes a Travel Resources section, a Featured Review of the month, and a Blog.

For further information about the Celiac Sprue Association Benefactor Member Program visit the CSA website www.csaceliacs.org, contact the CSA office toll-free at 877-CSA-4-CSA, or e-mail celiacs@csaceliacs.org
